On Monday, Feb. 22, Grades 1-4 will celebrate the 100th Day of the School Year! Students may dress up as they think they might appear when they are 100 years old. We will be doing many fun group activities that day to learn about the number 100!

Please continue to keep your kids home when they are sick. We have some new illnesses floating around lately. It really helps everyone's quality of education if the germs don't get spread through your child's entire class.

Thank you. We really appreciate it!

Parents: Can you please try to send healthy lunches with your children? And if you can limit their sugary drinks, it really will help their learning. Some kids get really hyped up on the sugar and then "crash" and have trouble functioning an hour later. We really can notice a difference when kids eat protein and dairy products. Thank you!
